Selectmen's Report

To the Citizens of the Town of New Castle :

The selectmen herewith submit the annual report for the year ending Feb. 15, 1912.

Owing to the appropriations for the year being large and on account of a loss of over five per cent. of our former assessed valuations, it was necessary for the assessors to raise the tax rate nearly one-sixth more than the rate of 1910 in order to meet the appropriations. This made our taxes seem large, but when we consider all that has been accomplished we should feel that we have no cause for complaint.

At the commencement of our year we had liabilities of \$13,000. We were fortunate in receiving a check from the hands of Hon. Frank W. Hackett, coming from the appropriations of the United States government to the amount of \$9,600 ; this amount was applied to \$400, making a total sum of \$10,000 ; this with \$113.33 completed the amount necessary for our redeeming ten of the town bonds. These have been taken up, leaving a balance of three now held by the Portsmouth savings bank, thereby reducing our liabilities to the sum of \$3,000. And we believe that the citizens should feel pleased, when we look back ten years and note that the liabilities of the town were \$22,000 ; and find also that during those ten years we have raised and paid the sum of \$9,400, together with \$5,243.33, this latter amount being the amount of in-

terest moneys which we have been obliged to pay. Altogether we have paid the sum of \$24,243.33 in order to reduce our town debt \$19,000. \$503.33 of this amount has been paid from this year's funds; also \$500 has been deposited in the Portsmouth Savings bank as a sinking fund.

Here we direct your attention to the financial condition of the town. We have paid the sum of \$1,479, the contract price for repairs on bridge. At that time it was necessary that the selectmen negotiate a loan. Accordingly notes for \$1,479 were given, and we are pleased to inform you that these have been paid. \$1,023.36 has been expended on account of highways, also the balance of the donations of Hon. Samuel E. Barrett for highways has been expended; other amounts with these are shown in our following accounts.

We should feel gratified to learn that the town is at present free from all cases at law, the case of Amazeen vs. Town of New Castle—the so-called Mary Martin case—having received its final judgment in favor of the town.

In concluding, the selectmen would recommend that the town use some liberality in their appropriations for repairs to highways. And we further recommend that appropriations be made for the subjects mentioned in Articles six and sixteen.

Respectfully submitted,

ELMER E. EATON,
OLIVER B. MARVIN,
JESSE O. WHITE.

W. M. TARLTON,

School Board of New Castle.

Report of the Board of Education

The School Board respectfully submits the following report for the year ending Feb. 15, 1912.

During the past year it was necessary to purchase some new desks for the Primary and Grammar schools and also some blackboards, and quite a large amount of repairs and alterations were made, making the school rooms more pleasant and comfortable than they were, but there is a great deal more to be done; light, for instance, is not what it should be in the Primary school-room, and the board recommends that district be reasonably liberal in an appropriation to prepare the same, and the surroundings, in a suitable condition.

Miss Carrie Lyman who had successfully, and with satisfaction, taught the Grammar school for three consecutive years, resigned to accept a position elsewhere, and the board has secured the services of Miss Josephine P. Ray, a lady of excellent qualification and one who is efficient and conscientious in her work.

The Primary school is still in charge of Miss Maude H. Trefethen, and by her kind and tactful disposition and interesting methods, her school has been uniform and satisfactory to the board as it has in the past.

The board urges the parents to co-operate and strive with a friendly feeling with the teachers to secure for their children industrious habits of good order and study for the efforts on the part of the board and

faithful services of the teachers are not the only requirements for the successful results in our schools and advancements of our children. And a few visits, and oftener, by the parents to the schools would be beneficial in more ways than one, for then they could show the unity that should exist in sustaining the teachers for the corrections to the scholars and the punishments that they inflict, which we the board will uphold. We trust that the present teachers will be with us again another year.
